Environmental Policy Statement

IACC is committed to leading the meetings industry in minimising the impact of its activities on the environment. IACC accepts responsibility for the harmful effects its operations have on both the local and global environment and is committed to reducing them.

The key points of its strategy to achieve this are:

- Minimise waste by evaluating the associations operations and ensuring they are as efficient as possible.

- Minimise toxic emissions through the selection of conference and event locations which attendees can travel to by sustainable means as such as possible.

- Actively promote recycling both internally and amongst its members and suppliers supporting IACC events.

- Source and promote a local products and services at IACC staged events to minimise the environmental impact of both production and distribution.

- Promote and manage a venue sustainability accreditation and certificate program to allow IACC members to operate their venues in the most environmentally friendly and sustainable ways.
